Nov. 16 <sup>th</sup> – 20 <sup>th</sup>	Annual book fair
Nov. 16 <sup>th</sup> -20 <sup>th</sup>	Conference week

### **Dear Parents:**

Once again we can all be proud of our students. We raised our test scores this year by 22 points and so in two years we have come up over 80 points. Fantastic job! Thank you for sending your students to school each day prepared to succeed.

## **New school phone number 938-6320**

### Attendance extension for calling in absences is 59736

#### **After school pick-up:**

- Last bell rings at 2:50: pick up your student by no later than 3:10, students left after 3:10 will be referred to Sheriff
- Pull your car all the way forward up to the multipurpose room
- Do not park in red zones except in the two designated pick up line areas
- Do not leave your car unless it is in a parking spot, not in the line

*Who can we call if your child is ill if we do not have good phone numbers?*

**We still do not have updated emergency cards on all of our students. Always keep your card updated.**

**Free and reduced lunches must be renewed each year!**

You may also pay for lunches on line at the district website. [www.MantecaUSD.net](http://www.MantecaUSD.net) , on the left hand side, called eFunds lunch box.

**Do not drop students off in the morning until 8:00, there is no one here to supervise them until then.**

**Due to health concerns with the flu, do not send your child to school sick. We will send them back home.**

### **Reminders:**

Cell phones are to be turned off completely and put away from the time a student gets on campus until the last bell rings. Cell phone policy will be enforced.

Parents are not to call student's cell phones during the school day, call the office if you have an emergency.

Skateboards and scooters are not allowed on campus at all; do not bring them to school.

School starts at 8:30, students are to be in class at that time. We have way too many late students each day.

If you walk your student to class, please do not become engaged in a conversation with the teacher, they are trying to get the day started. If you need to talk to the teacher, call or email them for an appointment.

### **Picking up student at end of day**

**If you have an appointment after school, you need to be in the front office to request your child by 2:30. Please do not come into the office after 2:30. The reason is that our teachers are trying to end the day and hand out assignments etc and it is very disruptive to then be calling for students at that time. Thank you.**

### **Help Keep Komure Safe**

**Parents, if your child has a conflict with another student on our campus, it is the schools responsibility to handle the situation. Please instruct your student to notify their teacher, a yard duty or the school office if there is a problem. Students are not to use cell phones to call adults to come to the school to confront kids; this just leads to further problems with the adults as well as the students making the situation far worse than it was.**

**Try outs are coming for the school play, this year it is Beauty and the Beast. Listen to school announcements.**

### **Multicultural Parking lot sale**

**Bring your goods and sell them in our parking lot on Oct. 17<sup>th</sup> from 7am to 1pm. To secure a spot you need to contact Maria Aranda @ 234-2616. Spaces cost \$20.00 each. The \$20 is going to be given to the school to spend on multicultural events.**
